Designed and tested to provide maximum training fidelity with a minimum of cost. That is the Viper AT. The basic Viper AT configuration includes the side and center consoles, ACESII ejection seat, HOTAS controllers, and heads-down LCD touch screen display.

### Specifications

The Viper AT is designed to work in a standard office environment.

Length: 40in. (102cm)  
Width: 42in. (107cm)  
Height: 36in. (91cm)  
Weight: 150lbs. (68kg)

### Options

Options include 42" LCD OTW display, modified side stick controller with pressure transducers, and Instructor Operator Station (IOS) console.

Shipping, delivery and setup are not included in the basic unit price.
